SUBJECT: Sunland Park Road Improvements Project

The following reply is in response to your request for review and evaluation of the resume submitted by Spartan Construction for previous work performed. The resume for the above subject reflects work on school districts and parking lots, which are completely different than the scope of work on the above subject. In addition, our records concur with the resume that Southwest Growth and not Spartan Construction completed the three city projects listed.

- Nicholls St. & drainage improvements.
- Frutas St. & drainage improvements.
- Borderland Phase II St. & drainage improvements.

The resume clearly shows that Spartan did not provide the required experience for undertaking the above subject. Therefore I recommend that Spartan Construction should not be considered for this project.

Please call me at extension 4425 if you wish to discuss this matter any further.

EXHIBIT B

IMPORTANT NOTICE TO SURETY BOND CUSTOMERS REGARDING THE TERRORISM RISK INSURANCE ACT OF 2002

As a surety bond customer of one of the SAFECO insurance companies (SAFECO Insurance Company of America, General Insurance Company of America, First National Insurance Company, American States Insurance Company or American Economy Insurance Company), it is our duty to notify you that the Terrorism Risk Insurance Act of 2002 extends to "surety insurance". This means that under certain circumstances we may be eligible for reimbursement of certain surety bond losses by the United States government under a formula established by this Act.

Under this formula, the United States government pays 90% of losses caused by certified acts of terrorism that exceed a statutorily established deductible to be paid by the insurance company providing the bond. The Act also establishes a \$100 billion cap for the total of all losses to be paid by all insurers for certified acts of terrorism. Losses on some or all of your bonds may be subject to this cap.

This notice does not modify any of the existing terms and conditions of this bond, the underlying agreement guaranteed by this bond, any statutes governing the terms of this bond or any generally applicable rules of law.

At this time there is no premium change resulting from this Act.

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and; when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes you are considered a person if you are:

- an individual who is a citizen or resident of the United States,
- a partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or

- any estate (other than a foreign estate) or trust. See Regulation section 301.7701-6(a) for additional information.

Foreign person. If you are a foreign person, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities):

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

**REQUIREMENTS UNDER THE DISADVANTAGED BUSINESS ENTERPRISE
PROGRAM (DBE)**

1. **General.** Executive Order 11625 required Federal agencies to develop plans and programs to encourage minority business enterprises. The Department of Transportation (DOT) regulation implementing this mandate is 49 CFR Part 26, participation by Minority Business Enterprise in Department of Transportation Programs. Disadvantage Business Enterprise (DBE) means a small business concern that is owned (at least 51%) and controlled by one or more socially and economically disadvantaged individuals, including, for purposes of this definition, women.
2. **Applicability.** All sponsors are required, as a condition or project approval, to assume certain DBE obligations as set forth in 49 CFR Part 26. In addition, there is passed onto contractors a responsibility to make good faith efforts to meet the DBE participation goals contained in Section I-B.17, Information for Bidders.
3. **Policy.** It is the policy of the FAA that DBEs as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this contract. Consequently, the DBE requirements of 49 CFR Part 26 apply to this contract.
4. **DBE Obligation.** The contractor agrees to ensure that DBEs as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this contract. In this regard, the contractor shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that DBEs have the maximum opportunity to compete for and perform contracts. The contractor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of FAA assisted contracts.
5. Failure to carry out the requirements set forth above shall constitute a breach of contract. After notification, this may result in termination of the contract by the sponsor or such remedy as the sponsor deems appropriate.

I PLEDGE AND AFFIRM THAT I HAVE READ ALL TERMS, CONDITIONS AND REQUIREMENTS REGARDING THE DISADVANTAGED BUSINESS ENTERPRISE PROGRAM AS OUTLINED ABOVE:
